Nearsighted People

An eye doctor once said that there are more nearsighted people in New York City than any other city. He thought the reason was because people were hemmed in by skyscrapers, and their vision was restricted in such a way that the only opportunity they had for long-range vision was to look straight up, which very few people ever did.

The constant use of the eyes for only short distances leads to nearsightedness.

Our thought for today is to not let the immediate, short-term obstacles block your long-term vision!

Look up to God and keep the bigger picture in view!

*“My voice You shall hear in the morning, O LORD;
In the morning I will direct it to You,
And I will look up”
(Psalm 5:3)*

GOLF DURING CHURCH

The Pastor woke up Sunday morning and realizing it was an exceptionally beautiful and sunny early spring day, decided he just had to play golf. So.... he told the associate pastor that he was feeling sick and convinced him to preach for him that day. As soon as the associate pastor left the room, the Pastor headed out of town to a golf course about forty miles away. This way he knew he wouldn't accidentally meet anyone he knew from his church. Setting up on the first tee, he was alone. After all, it was Sunday morning and everyone else was in church!

At about this time, Saint Peter leaned over to the Lord while looking down from heaven and exclaimed, "You're not going to let him get away with this, are you?" The Lord sighed, and said, "No, I guess not."

Just then he hit the ball and it shot straight towards the pin, dropping just short of it, rolled up and fell into the hole. IT WAS A 435 YARD HOLE IN ONE!

Saint Peter was astonished. He looked at the Lord and asked, "Why did you let him do that?"

The Lord smiled and replied, "Who's he going to tell?"
